No:2 Mahathma Gandhi Street, Uthiramerur.

Profile

A highly motivated individual seeking a challenging role to utilize my skills, contribute to the organization's success, and actively develop my professional capabilities.

Education

- **MCA (2023-2025)** - Karpaga Vinayaga Engineering and Technology. (81%)

- **B.Sc Computer Science (April 2023)** - Agurchand Manmull Jain College. (84%)

- **HSC (March 2020)** - Sri Ramakrishna Mission Boy's Hr Sec School. (63%)

- **SSLC (March 2018)** - Sri Ramakrishna Mission Boy's Hr Sec School. (67%)

Projects

- **Cake Shop Management:** Creating a cake shop management system using HTML, CSS, PHP, and MySQL to help a local bakery. The user-friendly interface lets customers browse products, place orders, and view promotions. PHP handles user registrations and order management, while a MySQL database keeps track of inventory and orders efficiently.

- **Netflix Clone:** Designed and developed a Netflix clone using HTML and CSS to simulate the streaming platform's user interface. The homepage features sections like featured shows, trending content, styled with CSS flexbox and grid layouts. CSS animations and transitions were used to enhance user interactions with hover effects and smooth scrolling between sections.

Technical Skills

- **Frontend:** HTML, CSS

- **Backend:** PHP, Python(Django), Node.js

- **Databases:** MySQL, MongoDB

- **Version Control:** Git

Soft Skills

- Effective Teamwork and Collaboration

- Time Management

- Adaptability

- Analytical Thinking

Certifications

- Certified Python Programming in GUVI (IITM). **- Certificate**

- Certified MERN Stack in Novitech Workshop. **- Certificate**
